My studies

Tourism, Hospitality and Gastronmy

Universidad Alas Peruanas | April 2011 - December 2016

I learnt about sustainability development in projects and offer good experiences.

Web programming

Laboratoria | September 2017 - December 2017

I get abilities to design web, making it responsive and also learnt javascripst as a programming language.

User Experience Design

Laboratoria | January 2018 - March 2018

I improve my soft abilities and learnt about design thinking process to do digital products, prototyping and visual design.

Job experience

UX Designer (trainee)

Kruma.net | August 2018 - Currently

I support to redesign a web page about education managment and share my knowledge about user experience design to my work team.
